# York Neighborhood Plan Ballot

## 1. Introduction

This BALLOT is sponsored by the York Neighborhood Association (YNA) to obtain VOTES on neighborhood Land Use, Design, and Transportation proposals to be submitted to the City of Bellingham December 1, 2008, as Amendments to the York Neighborhood Plan. Current York residents (home owners and renters) and business owners are eligible to vote.

VOTING will take you approximately 10 minutes to complete. Click "Next" to get started with your BALLOT. If you'd like to leave the voting at any time, just click "Exit this ballot"; you can return to where you left off by clicking the link you used the first time. Your answers will be saved. IMPORTANT: Questions marked with an asterisk (\*) must be answered in order to move forward in the survey.

BALLOT DEADLINE: October 31, 2008.

## 2. REQUIRED INFORMATION About You

To verify eligible voters, please enter the following information before proceeding:

**\* 1. YOUR NAME:**

**\* 2. Your home ADDRESS/or ADDRESS of rental or business you own in York:**

**3. Your email address (OPTIONAL)**

**\* 4. Check all that apply:**

- Home owner
- Renter
- Rental property owner
- Business owner

## 3. LAND USE PROPOSALS

The York Neighborhood Association (YNA) proposes the following AMENDMENTS to the Land Use, Neighborhood Design and Transportation sections of the York Neighborhood Plan with the goal to: protect the single-family zoned area of the neighborhood; offer infill and redevelopment opportunities where appropriate; preserve the historic character; provide new open space/park land, which is much needed in this densely populated neighborhood with very little current park space; and improve pedestrian and bicycle access.

# York Neighborhood Plan Ballot

**7. SUB-AREAS 4, 5, and 9:** Area 4 includes Garden St. Methodist Church and surrounding residential and commercial; Area 5 north of Lakeway Dr. includes Nelson's Market and south of Lakeway Dr. surrounding Franklin Park; and Area 9 which is all of Ellis St. from Samish Way to York St.

**PROPOSED CHANGE:** York residents highly value the preservation of the neighborhood's historic character. To this end, the neighborhood will promote historic designation of Sub-Areas 4, 5, and 9. Many portions of these sub-areas are well-intact historic housing stock and historic commercial buildings. It is desirable to consolidate each sub-area into historic districts.

**PROPOSED CHANGE:** A REZONE to density of 3,000 sq. ft. from 1,000 sq. ft per unit is proposed for Sub-Area 9, Ellis Street. Eliminate "Special Conditions" except buffer between Area 5. Special regulations should be amended to state: "office uses are limited to conversion of existing housing stock, with reduced parking required per unit to preserve the historic housing stock."

**Ellis Street Rezone Proposal, Background:** In 1980 Sub-Area 9 (Ellis Street) was rezoned to 1,000 sq. ft. At that time, the vision for the future was that these homes on Ellis would be replaced with office complexes and/or apartments as was done on Lakeway Drive. In the 28 years since that zoning was put in place this has not happened; and with the cost of construction increasing and the value of historic homes consistent, the possibility grows increasingly improbable. The current zoning encourages degradation of homes and decreased property values.

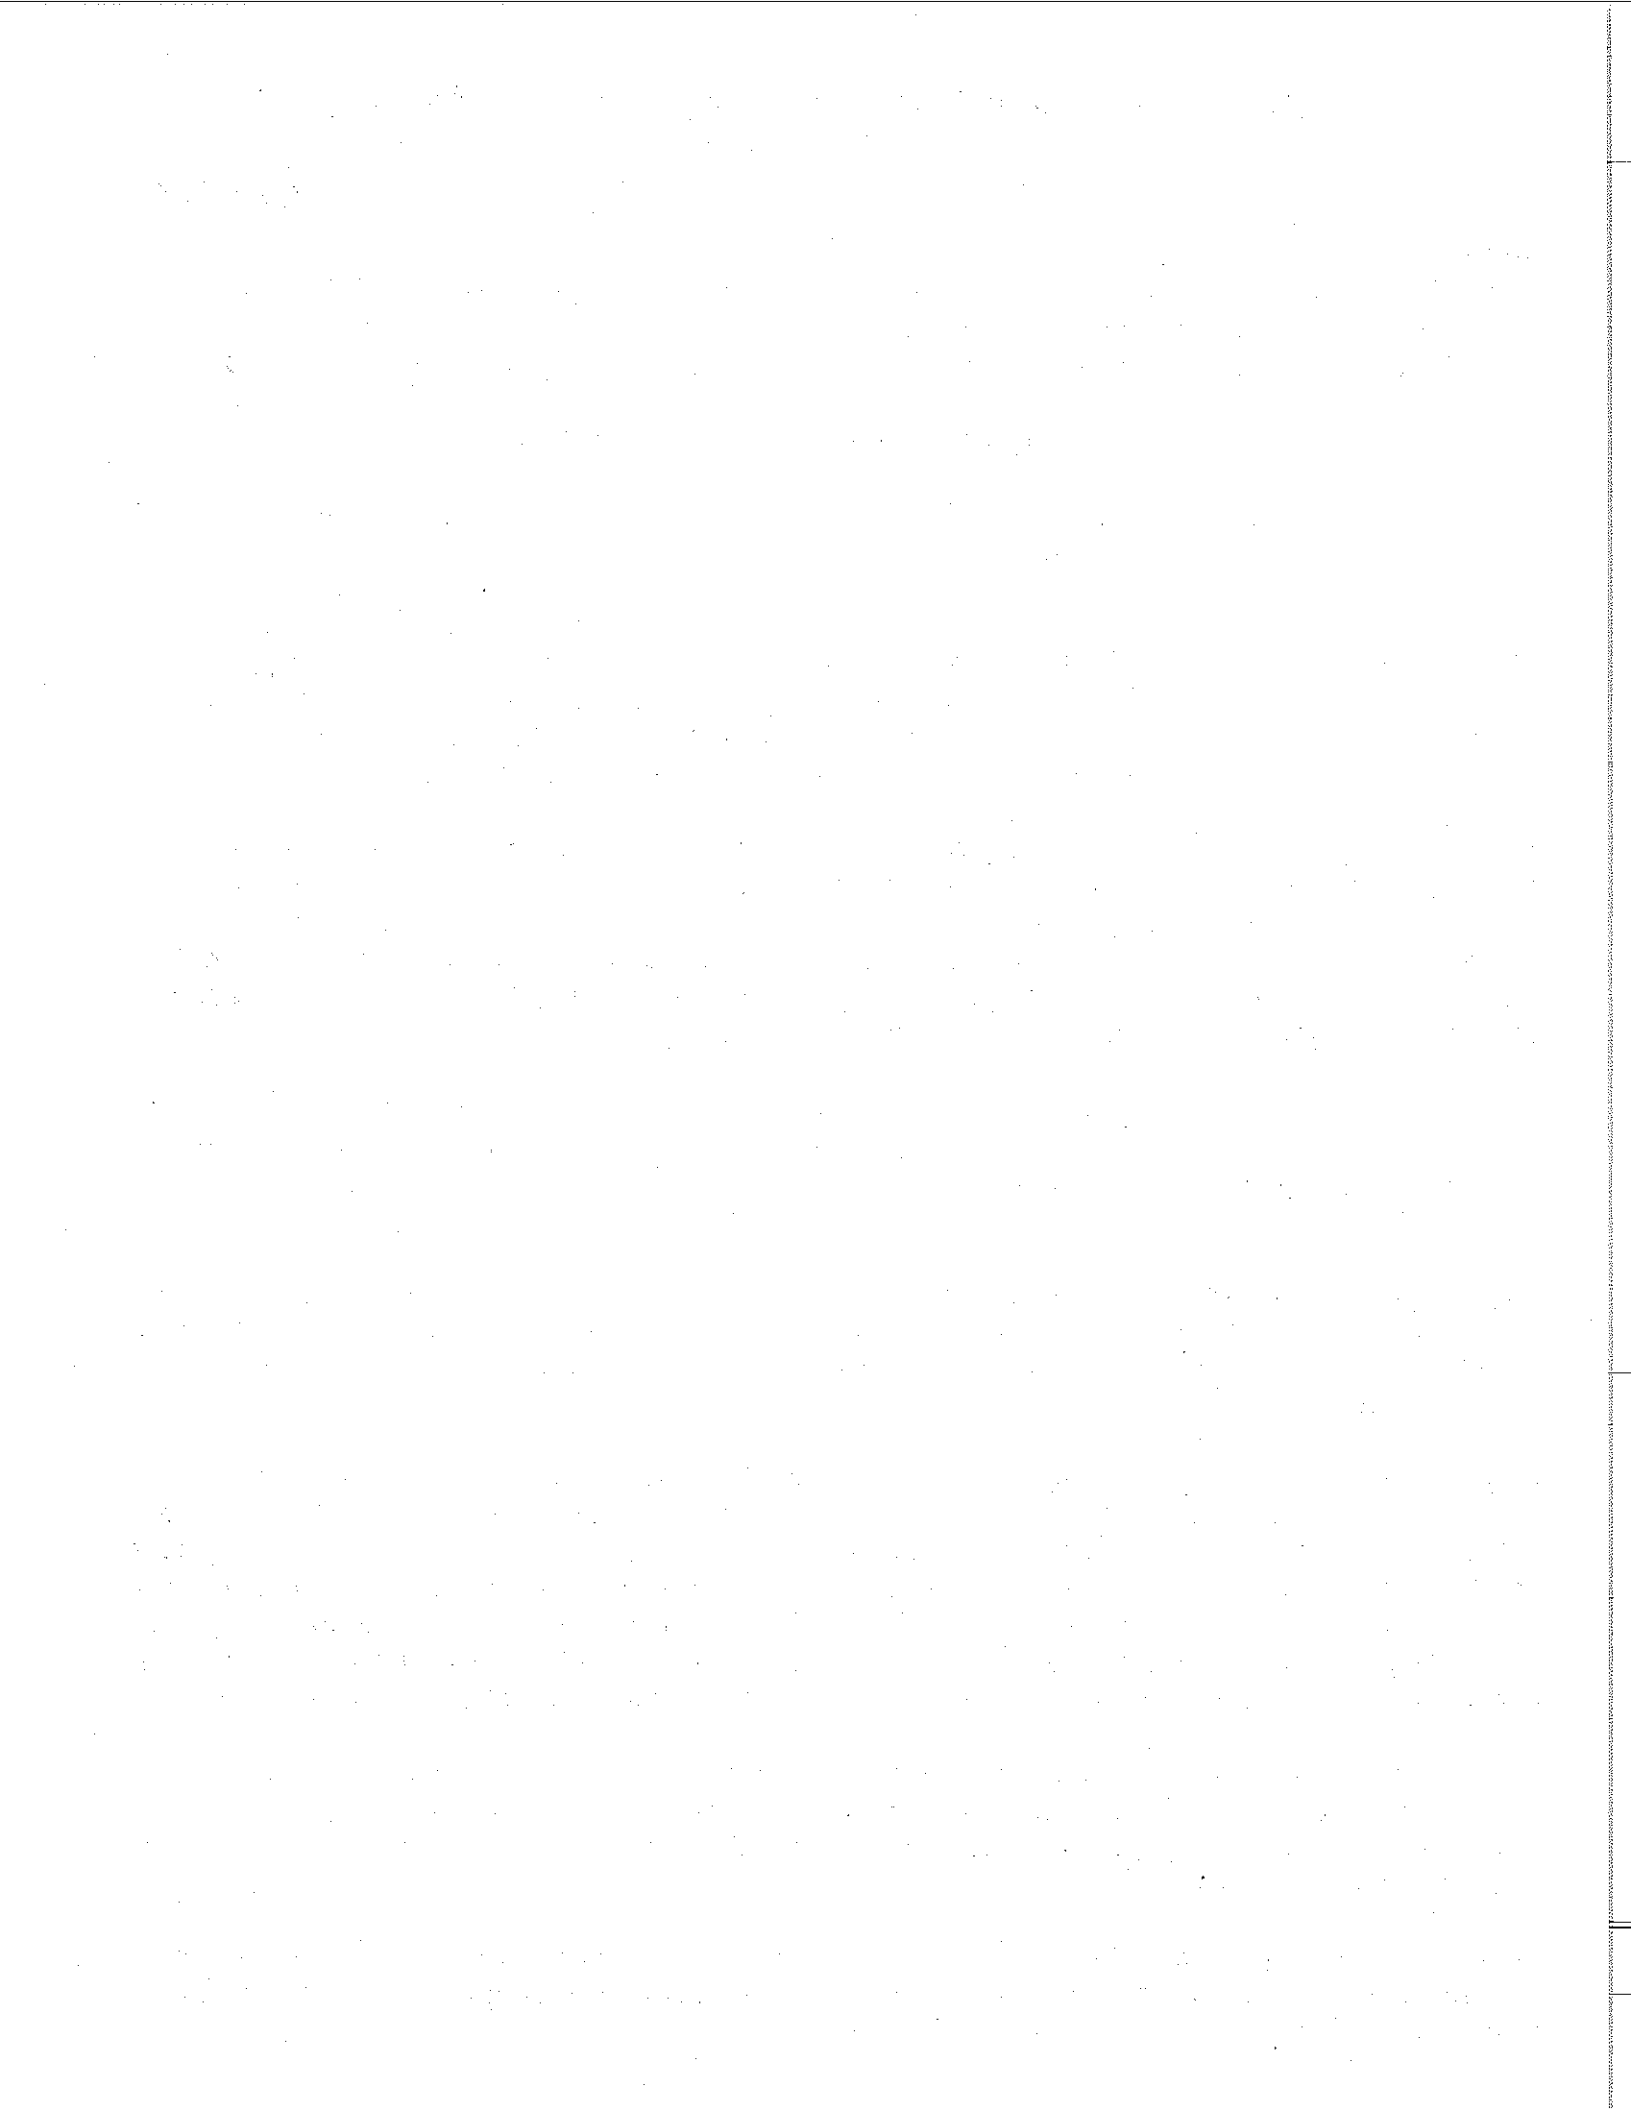

Properties on Ellis Street have either been converted to office space within the historic structure, live-work units have evolved, the historic housing stock has been converted to rentals, or homes have remained single-family. The zoning density needs to reflect this current use and support this use going forward.

**What the rezone allows:** This density rezone would not change current use of the properties which may be duplexes, multi-family units, office spaces, or live-work resident businesses. And, the rezone would reduce the current 1.5 parking space requirements, which makes use of these properties as small businesses or rentals more feasible.

**What the rezone would not allow:** The rezone would disallow combining adjoining properties for the purpose of bulldozing and construction of multi-story apartment or office complexes in Sub-Area 9 of Ellis Street. Multi-story apartment or office complexes on Ellis Street would create a severe access problem for parking. Cars would either have to access (a) through the residential alley along Franklin Street; or (b) from curb-cuts on the arterial in front. Neither of these options are desirable and would have a negative impact on quality of life for Franklin Street, and Area 5 in general, by increasing alley traffic, cut-through traffic and parking problems in an already overcrowded neighborhood.

A density rezone on Ellis Street will enhance the property value by creating a density that is consistent with commercial use of existing properties and live-work units, as already seen, and will protect the historic housing stock consistent with the abutting historical neighborhood, which in recent years has gained in value.

All opinions on this proposed density rezone are welcome, and property owners and York residents are encouraged to attend. **Meeting Sponsored by the York Neighborhood Association (YNA) Planning Committee. For more information call 738-0542**
